

# THE US GOVERNMENT Is Implanting Every Human with a **WIRELESS BODY SENSOR NETWORK!**

## The World's First System of Implanted Electronic Slavery

You cannot be remove it. You cannot turn it off. It can be used to control your body and mind. It can cause pain, strokes, heart attacks, vibration and heat that destroy muscles, nerves and connective tissue, joints and organs. It can be used to torture or kill you.

### What is a Wireless Body Sensor Network?

The Wireless Body Sensor Network ("WBSN") is a collection of electronic devices which detect, record and transmit your physiological functions as radio frequencies. It can record your brain waves (what you are thinking), what you hear, what you see and what you say, and send it all to a super computer. This information is transmitted 24 hours a day to the government, fusion centers, doctors, hospitals, police, firemen, paramedics, researchers and anyone they choose to give it to.

### When Will You Be Implanted?

The WBSN is the new healthcare, so everyone will get one. No one would agree to such a cataclysmic takeover of their brain and body, therefore, it is being done secretly without your knowledge. Targeted Individuals have been covertly implanted with a WBSN in their sleep, during a hospital stay, in a motel or in their homes. This is being done illegally by doctors, nurses and medics. New technologies make it easy to slip into people's homes during the night without being seen or kidnap the victim. Surgical and injection techniques are so advanced that you will never know when this occurs. Scars are unnoticeable.

### What is Total Human Control?

It is a system that totally controls humans with torture. It is being set up using transmitters in city infrastructure, homes and vehicles. It uses the LTE 4G/5G network, Smart Meters, In-Home Locator and Beam Forming MIMO system, Artificial Intelligence Quantum Computers and electronic implants that surveil, track and torture people. Implanted electronic devices in the WBSN are wirelessly connected to a "gateway node" in a central location in the body. The gateway communicates with the

individual nodes and nano particles and send signals to cell phones, computers, satellites and the Internet using WiFi and Zigbee or Bluetooth.

You are now under the total control of your government because they control the weather, the food supply, health care, the justice system, police, firemen and first responders through Fusion Centers and Homeland Security. All your personal and medical information is recorded in your implants and can be read, even when you are dead and in your grave. Implants can be stimulated remotely and you will never know who is causing you discomfort or pain. Your implants will be used to monitor and control you with punishment and torture for anything you do or say. Your property, health and life can be taken at any moment with directed energy frequencies.

You are not being told of this plan by the government because no one would agree to surrender the privacy of their own body and its functions to anyone but their personal physician and healthcare workers as a necessity. No one is telling you because they want it in place before you have a chance to object. Once implanted it might be impossible to remove or it might have become so involved with surrounding tissue, it would cause damage to remove.

Your handler can send information to your implants, thus frequencies can be used to affect brain function (sleep, moods, memory and dreams), your heart rhythm, your breathing, your pH, blood glucose level, stress levels, lactic acid and hormones. Someone you don't know will always know where you are -- in your house or car, what you are doing, whether you asleep or awake, whether you are sitting or standing, that you are using the toilet, that you are having sex, in fact, every physiological signal can be relayed in real time to your doctor, hospital, police, fireman and fusion center. Nothing is private and all freedoms are gone. The Constitution is irrelevant nonsense.

You no longer have control over your body or life. A handler in control of stimulating your implants can send a frequency that can make you empty your bladder and bowels. They can strike you in the head and cause memory

loss and brain damage. They can stimulate neurostimulators that vibrate and heat up nerves, causing excruciating pain. They

can control movement of your arms and legs. In fact they can take your life. Is this what you want from a health care system? This is real and it is happening now. The human brain and body have been hacked.

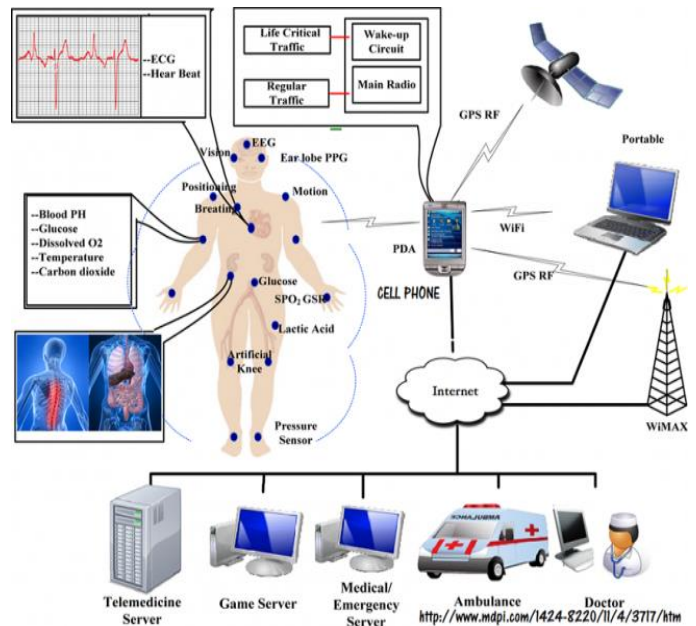

A rough estimate of 300,000 people in the United States are known to be suffering from the oppression of this implanted electronic slavery. They are known as Targeted Individuals. If you are implanted with a Wireless Body Sensor Network, you will have a continuous humming in your left ear which sometimes is adjusted like a radio. In fact, it is a cochlear/brain implant that is a radio.

Infrastructure is being implemented at this time in the form of a 5G network to create a mesh network where all humans are just "Things" in the Internet of Things ("IoT"). All brains will be connected to this network. Is this the kind of frequency prison you want your children to grow up in? People need to wake up to what is happening. In fact, this is an international plan being implemented by 187 nations that agreed to Agenda 21 by consensus. This makes everyone a Target.

Total control means total control of the weather. The people in the Caribbean, Mexico, Florida, Texas and Louisiana, have experienced the oppression of man-made weather, earthquakes, hurricanes and fires, causing them to lose their property, their lives and their loved ones. Hundreds of people have disappeared after recent disasters. Homeless people everywhere are disappearing as well. Humans have been rendered helpless.

What do these catastrophes mean? That you can be killed at any time and it will look like a "natural" event. This is what is happening to Targeted Individuals, who are being systematically eliminated with heart attacks, suicides and "accidental deaths."

Directed Energy Lasers have been used to destroy the property and lives by fire in Gatlinburg, Tennessee, in 2016 and in California in 2017. Their homes were disintegrated just like the twin towers on 9-11. These two areas had something in common. They had adamantly opposed the federally funded Smart Meter program. They didn't want to be radiated with microwaves. What happened to them? They were attacked with directed energy while they slept.

They are being overwhelmingly surveilled by having their phones and computers hacked. They are harassed and stalked out of their employment. Their personal relationships are destroyed. They are losing their homes and property. They are refused medical care. They are given diseases like Lyme and Morgellons. They have been implanted and are tortured every day, all day with radiation, lasers and sound weapons. They are hit with directed energy from helicopters, planes and drones. They are followed, stalked and harassed with people carrying phones and devices which record their personal biofrequencies which are then used to program implants. Their brains are connected via a cochlear/brain radio which enables Voice-to-Skull, a term meaning they hear sounds and voices that no one else hears. In other words, this system of electronic slavery is already operating in the and other nations. It is meant for everyone, not just those electronically connected at this moment.

We no longer live in a democracy. Nazi Germany had the goal of creating a pure Aryan nation. Today we are dealing with the utopian goals of Agenda 21. Obviously, anything will be sacrificed to achieve this goal. Everyone must be controlled and anything and anyone must be

sacrificed, justifying the torturing and killing that is happening. Nazi German ideals are buried deep in the New World Order ideals, like the giant stone swastika monument found buried in

Hamburg in November 2017. The Citizens Assisting Police program pays people with gift cards to do horrible things to people they don't even know. The COPS program and InfraGard use ordinary people to torture and harass their fellow citizens. Hitler did the same. See *Hitler's Willing Executioners: Ordinary Germans and the Holocaust* by writer Daniel Goldhagen, 1996.
